ABOUT US

At ArcCan Shade Structures Ltd we are well-versed in the design and manufacture of canopy structures. Despite the fact that we are a small, family owned business; ArcCan have completed a great number of projects of varying in size and industry including the education sector. Based in West Sussex and operating nationally, we have had the pleasure of installing our structures in hundreds of schools.

There is a long-lasting benefit to tensile fabric structures with a design life of 25 years plus. Every ArcCan structure is designed to be functional yet stylish, and is underwritten by a structural engineer, meaning a maximum return on your investment.

Some of our most notable projects in education include:

- Royal Holloway University
- Harris Academy MAT
- Haileybury Turnford Academy

THE BENEFITS

With an ArcCan shade you can will be able to see first hand the value of canopies. The benefits include, but are not limited to:

- Protection from the unpredictable British weather, ensuring a more enjoyable play and learning experience for children.
- Protection from harmful UV rays with over 92% UV reduction.
- Reduces the strain on indoor facilities.
- Increased storage space for equipment.
- All of our structures are multi-use meaning they can be used to create covered walkways, outdoor classrooms, outdoor dining areas or playground shade.
- 10 year warranty and 25 year design life on all ArcCan structures.

It looks fantastic and is a worthy addition to the facilities we have for children here at the Alex - Many thanks for all your collective hard work in making it happen!

Southdown

BESPOKE SOLUTIONS

In addition to our range of over 40 pre-designed structures, we are happy to adapt any of our standard models or create a completely new design from scratch.

Client input is very much welcomed at this stage, and we are able to produce a variety of 2D and 3D concepts showing the structure in it's proposed environment.

FUNDING GUIDES

For assistance with schools fundraising, we highly recommend discussing your plans with FundEd or PTA+ - both are social enterprises that provides funding advice to PTAs and schools across the UK.

- FundEd & PTA+ Magazine: A termly publication packed with expert advice, step-by-step guides, inspirational ideas and case studies.
- Access to the UK's leading grants database for schools: The FundEd database features more than £13m of grants for schools.
- Getting started handbook: A comprehensive guide to help you plan and implement your fundraising strategy.
- Crowdfunding guide: A detailed review of how to run a successful crowdfunding campaign
- Advice hub: step-by-step guides to writing grant bids, developing fundraising and marketing strategies, promoting your school, regular giving schemes, passive income streams, building an alumni network and running events.
